Thread: [What is your favorite outdoor activity?](#)

There are so many ways to enjoy the outdoors.

I love playing beach volleyball! It is fun, social and perfect for sunny days.

I am interested in hearing about your favorite outdoor activity.

I used to do a lot of skateboarding when I was younger, sometimes I miss it but as I'm 30+ I know that if I go back to it and I fall I'll break something for sure lmao

I could give a try with protections tho, less style but at least I'll reduce my chances to break a bone, and don't need to impress girls now haha

I love to race cars, play pickleball and kick the footy around.

I'd say I love hiking, especially in the fall with all of the beautiful colours!

My favorite thing is finding a trail to hike that is far away from the highways

Deany - October 20, 2024, 8:44 am

I used to go fishing, but now I don't really go out

I like to take walks once in a while. I am extremely out of shape right now so that's about it.

I really enjoy going hiking and going on long walks out in nature. It just feels really calm and relaxing, and overall, it's a great experience just to unwind and explore nature.

Hiking! I love being out in nature, especially exploring somewhere new and unfamiliar. I find nature to be very peaceful and relaxing.

These days I really enjoy hiking, and playing disc golf.

Currently backpacking and hiking. Appreciating the green colors around.

When I was younger, around 10 years old I had an absolutely awful experience while camping so I completely refuse to do any camping unless there is an RV or a cabin of some sort.

Otherwise, my favorite outdoor activity is hunting. It gets me outdoors, gets me dirty, and I can still come back at the end of the day to a nice house and relax.

I enjoy hiking and being close to nature. Exploring new areas to hike is always fun!

Exploring new places in nature, preferrably with a joint. It's always an adventure that recharges my batteries.

I really like to run or walk only when there are beautiful days, even in the middle of nature if possible, it relaxes me a lot and helps me to disconnect from everyday life.

Camping by a long shot.

My first time was years ago as a teenager, and I had the best time. Went with my best friend, other friends, and family.

Beach volleyball sounds like a blast! My favorite outdoor activity would have to be running, especially on trails. There's something about being surrounded by nature that makes it so refreshing, and it's a great way to clear my head. Whether it's an early morning run or catching the sunset, it's always energizing.

Playing sports with friends. That's one of the best things to do outdoor and it's so much fun with friends

honeyslife - *October 21, 2024, 9:42 am*

Running would be mine, a good jog gets my mind in a good place!

DanielZ - *October 21, 2024, 4:19 pm*

Even though I don't do much outdoor activities the late years, I do love hiking, exploring nature, getting some fresh air, and enjoying the beautiful views.

2xTheTap115 - *October 22, 2024, 10:15 pm*

Running, cycling, in the summer I enjoy using outdoor gyms, obstacle course (also called health trails). In the winter I happen to fall out on ice skating.

Snowwy - *October 31, 2024, 8:58 am*

I like riding my bike around sometimes. Don't like walking for some reason.
