Would You Rather Fight 100 Duck-Sized Horses or 1 Horse-Sized Duck?

I think I'd rather fight 100 Duck-Sized Horses. 1 Horse-Sized Duck honestly sounds pretty damn scary lol

What are you picking?

100 horses for sure, they will be easy to be elaminated, but one giant duck will be terrifying

I can't imagine it would be as easy to just stomp on them lol. Probably would be a little more challenging than that, especially with 100!

All at the same time would be painful lol. So you are taking the horse sized duck then?

I would go with 100 duck-sized horses.
There are a lot of them, but at that size, they would be easier to handle.

100 horses for sure haha, I don't know how you would handle the latter. XD

1 horse-sized duck.

I'd run it over in the car.

Those horses still have teeth, imagine getting munched by all those little fuckwit horses.
