Thread: [Diddy facing new allegations of sexual assault, rape in 7 civil lawsuits](#)

Jake Johnson - October 21, 2024, 11:29 am

Sean "Diddy" Combs allegedly "drugged and raped a 13-year-old girl at a house party," according to a new civil lawsuit, one of seven filed by plaintiffs' attorneys Tony Buzbee and Andrew van Arsdale on Sunday night against the music mogul.

The alleged victim said she was 13 when she tried to get into the Video Music Awards at Radio City Music Hall on Sept. 7, 2000. A limo driver told her that "Combs liked younger girls and said she 'fit what Diddy was looking for,'" according to her lawsuit.

She said she was not granted entry to the awards show, but she was extended an invitation to an after-party, where she said she was given a spiked drink. She claims she found a bedroom in which she could lie down; Combs and others allegedly came in behind her.

I joke about the lube bottles, but this guy is a real monster. Glad he is finally getting the treatment he deserves, I doubt this will be the last "story" related to him that comes out. One of the worst parts is that he is only just now getting put in jail after all these years of his shit.

That is the craziest thing is how he was able to do all this disgusting shit for so long and get away with it. I wonder if he thought he was never going to get caught? I'm sure we will be hearing a lot more "stories" like this unfortunately.

Going off that, other people around him HAD to know what he was doing to some extent. And if they knew, they were either in on it, or they did not say anything about it, which makes the situation even crazier.

Maybe a lot of people will be getting exposed? However, I doubt that will happen as I feel like there are powers who will do whatever it takes to keep some big names from coming out that are related to these disgusting events.

Probably not. Remember when Terry Crews tried to expose Hollywood only for nothing to happen? Diddy will probably get diddled, but not sure about others.

Yea, unfortunately I highly doubt many others will get exposed who were also involved.
