Thread: [What is your favourite group userbar?](#)

Chrome - October 22, 2024, 8:21 am

I like the refactors one but as we approach the final stages of the rebrand, the new userbar look absolutely insane!

If you havent already looked at the new group's concept click the link in my sig.

But what is your favorite group userbar (existing and previous groups).

I am extraordinarily biased, but I'm really a big fan of everything Benevolence.

Very cartoony, unique though.

Pink LSZ for sure. It's got the acid face.

Gamblers, Lions, Pink and Succubus.

Hard to pick between Lions and Succubus for #1

Morphh - October 22, 2024, 11:53 am

Secret Society for sure, not just the look of it, but the group itself.
Fallen user bar looks pretty fucking sick too.

blackrose_x0x0 - October 22, 2024, 12:35 pm

Maybe I'm biased but Secret Society for sure plus our gold usernames match with it perfectly.
Always been a fan of pink Isz userbar as well.

Lions have a very nice look, but my final choice falls on Fallen and Red Lions ? Both groups have a special place in my heart ?

I'd love to see a thread of all the old UB's, I recall some fire ones rolling around like 8 years back but I can't remember them now.

Lmk if a thread exists.

As for existing ones, I like Fallen & Secret Society. Taking into account the gold gradient name, Secret Society takes the biscuit.

Fallen and Pink something, that 2 look really good userbars

Cap - October 22, 2024, 6:37 pm

I've always been a fan of Infamous - just clean and sharp looking. I'm also a big fan of Warriors - could be a little biased.

I haven't seen red lions yet, I'm guessing they've died out.

Unfortunately, but yes, the group is dead. I feel even more sorry for it because some time ago I was a member.

R.I.P.
