Do you listen to DnB?

If so what's your favorite genre of Drum N Bass?

I used to when I was taking a lot of drugs and going out, so now when I listen to, it brings back memories of this dark period of my life and the feeling is not good lol

Damn! I wasn't into drugs when I went to DnB shows. Sorry that was a dark time of your life.

What type did you listen to?

I have to be in a certain mood for it as I get headaches easily and the constant thudding can trigger it. If I'm in the mood though, I fully vibe with it.

I'm into jump up and dark DnB. My head can't get enough of it.
