? Day #2 Halloween movie recommendation: [Halloween \(1978\)](#)

?-? Note: I hyperlinked the IMDb page above so you can check out the trailer and more info about the movie

Halloween is such a classic movie for this holiday, and in the horror genre in general.

I'm pretty sure we've all heard of the infamous Michael Myers. He's one of the horror household names for sure.

Djangoo has keen interest in horror genre. He would love to watch this movie?

For a second I thought you were talking about the movie Django Unchained and I was thinking "how is that horror?" lol.

Hope you enjoy the movie, there's many more in the series as well.
