Thread: [What game title deserves a brand new remake?](#)

Syndicate - October 27, 2024, 12:16 am

I know a lot of games, movies and TV shows have been getting a lot of remakes lately and I was wondering what game do you think deserves a remake? I personally love the sly games for PS2 and they're fantastic ?

An old Xbox 360 came called "I Am Alive"

It was SUCH a good game for its time, way ahead of the curve. From all the parkour style mechanics, and overall game physics, it was very HQ.

Not to mention the story line is great, unlike a lot of apocalypse style games.

I've never heard of that one actually, I'm surprised. I had a Xbox 360 as well back in the day when I was a lot younger.

Bro I highly recommend checking it out.

Even by today's standards, it's still a great game. The open world feels very alive, similar to The Division vibes.

I don't know many people that play PUBG anymore.

Seems everyone has switched to either Fortnite, Apex, or CoD Warzone.

I spent too much time on Underground II, Most Wanted, Carbon and Undercover.

Maybe a little too much.

Even though I hate remakes with burning passion, I believe 99% of remakes are studios trying to milk a successful game while putting the least effort possible.

I would, most definitely, buy any remake made for those in a heartbeat because that's how much I loved them.

Wing Commander deserves a remake.

F4tDoinkz - October 27, 2024, 10:19 am

True crime NYC. I loved that game. That or the Godfather series. Great games.

All the Warcraft 1 & 2 games need to be remastered.

I'd say Command & Conquer: Red Alert 3 and Medal of Honor: Rising Sun from the original Xbox. Both nostalgic classics, would love to see those get a remastered version or a brand new remake.

True crime NYC was really a classic.

After I saw your comment it gave me flashbacks to an old game I used to play it was called Stranglehold, it's like a similar game to Max Payne but much older.

Takes me back to the good old times.

Prototype was a great game for its time. With today's tech they can make something amazing out of it.
