It's good we mention our favorite anime, but what's the worst you ever saw?

Deany - October 27, 2024, 1:25 am

I don't know the title of it. It was on tv over a decade ago I watch 30 seconds of it and it was beyond trash.

Back when I was an actual cringe af weeb, a friend recommended me an anime called Strike Witches. It made me quit watching anime lol, started watching again when Attack on Titan Season 3 was out. I don't watch as much anymore. Have downloaded almost a terabyte of anime, watched less than maybe 20% of that.

Can't name names but can talk in general.

Half the Isekai is full of shit, copy-paste with little to no effort put into story or world building.

Shameful studios keep pushing shows like that while great stories ain't getting sequels or even adaptations.

Yep. There are some good Isekai, but most are garbage. Most recent being "7th prince somethingsomething". Shit story, shit characters, whole show focuses on ass/thighs of a child, doesn't even bother with the "Ackshually, it's a 1000 y/o" excuse.

Rent A Girlfriend, total waste of time, total simp MC.

Man that's a hard one. It's hard to pick the worse one I've ever saw because I'd just click off of it and not bother.

The worst anime where I watched the entire show? That would probably be Chobits and that's not even that bad of an anime imo, though I haven't watched it in like 15 years.

Dragonball GT has been the worst thing to plague anime since its inception

Hyperari - November 26, 2024, 4:04 am

Beyond The Boundary, literally

Beherit - November 29, 2024, 1:43 am

It has to be Glasslip. Don't even bother with it.

boruto.

AS A HARD NARUTO FAN, I HAD TO GIVE THEM A CHANCE.

Disappointed as fck. Who would give me back my time??? Nobody, but for the sake of Naruto, all is forgiven.
