Thread: [Who won? Drake or Kendrick?](#)

Game - October 27, 2024, 10:37 am

I know it's little old of a topic, but looking at it as a whole I would say they both won.

Both of their numbers and earnings increased A LOT after the beef.

What do you think?

Also, what's your favourite track from the beef?

I don't think there's ever been a greater disrespect than Not like Us.

Drake won by most metrics, Kendrick's a great rapper but lacks the other intangibles and tends to be one-dimensional.

Agreed that went crazy. I am just happy that there is beef back makes them motivated to make actual music with feeling not mainstream media crap.

Curious to see thoughts on this as well. Ofcourse Kendrick destroyed Drake imo.

It was 3 am in the night when "not like us" dropped, got me instantly out of bed haha

Yeah, it was definitely interesting to say the least.

It reminds me of rap beef in the UK with the rapper Chip as an example. If you haven't heard of chip, I'd recommend giving him a search to hear some diss tracks of quality.
