Thread: [What Eastern European countries did you love?](#)

Clue - October 27, 2024, 12:48 pm

Hi all, very interested to hear your thoughts as am wanting to visit Eastern Europe for a week or so, and would love to hear what your favourite country/place is that you've visited.

This could be based on

- Affordability
- Food
- Scenery
- Safety

Would love to hear all your thoughts and will definitely consider them all to visit! Thanks

Poland is really nice, and you can get decent weather there in summer. Stuff is also really cheap.

I haven't traveled to Eastern Europe yet, but it's definitely on my list! The architecture, history, and natural landscapes in countries like Romania, Hungary, and the Czech Republic look stunning. I'd love to explore some of the smaller towns, too, for a more local experience.

I went to Croatia as I have some family there, it's a beautiful country really would recommend it. Poland is also a very nice place to visit.
