Thread: [Source is Oct 2024 Member of the Month](#)

Omniscient - November 2, 2024, 12:47 pm

[source](#) is MoTM based on the choice and vote by Staff and Mentors.

He will now be added to Mentor group and wins \$100 in crypto.

So far so good...

And yes, I still have some setup for Mentor group to do. Soon, very soon.

WOW, I honestly never expected this! Winning MOTM is such a surprise. Like everyone else, I've had my ups and downs, and I'm grateful that being myself has resonated with the community. I'm genuinely shocked and appreciative of this recognition.
