It's a good perspective to have, someone's you blame "life" for what happens to avoid accountability. Sometimes you have to recognise that what happens to you in life could just be a result of your own actions.

Like [Orgy](#) shitposting and getting warned for it... he says "man fuck yall", when in actuality, it's his own fault.

Love ya [Orgy](#)

Fucking nerd. <3

Dammmmm, Orgy ? Exactly my first thought! Can't believe you're still keeping the legacy alive back in the day, this guy was basically the #1 ddos, booter-as-a-service provider before "SaaS" was even a buzzword. ?

Legend had it he ran on caffeine, rage, and broken rate-limiters. Orgy was or still is ? Brutally

honest, hilarious, moody as hell and powered entirely by the old rep system. What a time!

Pro tip: Don't argue with this guy... unless you enjoy digital pain and emotional damage and emotionally firewalled. ?

? ?

Nice to meet you again too Orgy! ? I think Orgy™ was your old nick in those times..DP is same though, Ha Ha Ha...anyhow... How's everything going?

Sry for so many emojis ?
