Thread: [Just captured some meteor footage from my compound](#)

Giga - November 8, 2024, 2:44 pm

The first time I have seen a meteor in person in quite a while. Looks pretty cool!

Also, sorry for the loud ass sirens, I forgot to mute the video when I chopped it up.

Seems I caught some of the earlier strides of it:

Okay, nice!

I'm going to check out some other footage online, I like this kind of stuff lol.
