Thread: [Made BANK yesterday](#)

PhazerBlade - November 8, 2024, 3:44 pm

So yeah as the title says I been making bank all my life lol but yesterday was INSANE...

I woke up and I run a few little operations and one of them that I make the most with deals with females and males having conversations (to be safe) and I literally make \$1.2k before I even started for the day, then once I sat down and actually got to work I finished off the night with \$3,800 IN A SINGLE DAY!

I know to some that might not be a lot but to me that is HUGE, lol.

SIDE NOTE: If anyone wants in on what I am doing I need a helper because I'm getting overran here now and I could be making a lot more if I just had someone helping me out and answering messages for me. (You would be paid VERY WELL, obviously). If interested just PM me.

Hey, that's absolutely awesome that you've made that amount! Keep it up! I'm also interested, but I'm not able to PM you as neither of us are upgraded, so let me know.

Hey guys, trying to get enough replies to where I can reply to y'all's PMs. I didn't realize I needed 10 posts to reply to you guys and I don't wanna post my telegram here in public. So I'm going to get my posts up right quick in the AM and I'll be replying to y'all, oh and a dude named "Purgatory" hmu and I am not able to reply to him because of my post count can someone let him know I'll be contacting him tomorrow morning/afternoon-ish? He said something about being in a rough spot right now and I

just want him to know I'm not ignoring him.

I guess I don't have enough posts to reply to my DMs yet, but I'm working on getting them up now so I can reply to y'all, oh wait actually! Can I just give y'all a link to my discord and we could talk there:

OSC - Discord: (<https://#/d3ykqkkJ>)

I'm looking for maybe 2 or 3 people at the max to help me manage this "project" so to speak... I've been working on this method for about 9 years now and it has evolved a lot over the years and I've kinda sharpened my strategy and have pretty much turned this one method into such a profitable situation that I literally pay all my bills and 90% of everything I spend comes from this method alone... I need just a few people I can TRUST who want to make a shit load of money. ? If your interested hop in the discord and post in the "introduce yourself" section so I can see that you are in there, I am ALWAYS in the discord but I won't be a active for a in-depth conversation till like 6-7pm EST, but feel free to post your intro and I'll read it and get with ya as soon as I can tonight. ?
