Thread: [Jake Paul or Mike Tyson?](#)

So, with the fight starting soon, who do you think is going to win? I don't know man, I can't imagine Tyson losing this

UltraexTrader - November 15, 2024, 5:01 pm

Man I can never say that a Youtuber can beat a legend like Mike Tyson in a fight (even if Mike is 80 years old)

Rooting for Mike Tyson in this fight.

I have to go with Tyson. Just hope it's not scripted in Paul's favor.

I hope Tyson still has it in him, im not a fan on Paul, but this fight is going to be legendary if not a knockout in the first round by Tyson

Was the fight staged?

Mike old as fuck, can't use his legs to chase like he use to, but still powerful. Jake felt it. Jake too pussy to mix it up, so clinch, hit and run. Basic fight IQ.

Seemed like a legit fight to me, just boring.

I was expecting Mike to won but Logan won. :(

rjav - November 16, 2024, 7:31 am

Not sure why mike did this to his legacy
