Thread: [Completed 1000 Posts on HackForums!](#)

RangoWorld - November 22, 2024, 4:30 am

Just realized I surpassed 1,000 posts mark. ?

I would've passed this last month in October during the event but I couldn't. Nonetheless I'm happy I reached this milestone.

I also recently completed a full year on HF.

Here's to many more. ?

Congratulations. You're on a roll. Are you going for the 24,000 posts award?

Would be something now wouldn't it?

For now I am only looking at smaller targets. Smaller steps

Sure would be something, and I have no doubt that you can make it happen with time if you stick around. I don't believe there are many users that have it.

Which Award goal do you have your eyes on next? Maybe Daily Ninja? or Lounge Head?

Yea Daily Ninja or Lounge Head. I think I'll get Lounge Head first

Another one that is a bit more easier to get is the Quick Love award.. you can usually get that pretty quickly if you put in a little effort. I enjoyed going for my Lounge Head award.. spending all that time in the lounge, you end up talking to a wide range of users and discussing an even wider range of topics. Good times.

I surpassed 1000 posts during Octoberfest this year lol. I got that shit in like 3 fucking days hahaha

You may find that Lounge Head is pretty difficult to do normally. I got mine during Octoberfest, just seemed like why not bang it out. I tried going for it when there wasn't any event going on, I failed hahaha
