Thread: [Looking for Detailed Japanese Learning Guide here on HF](#)

BlackRock - November 24, 2024, 1:13 am

I've been actively searching for it, but I just can't seem to locate it.

A while back, I came across a very detailed and well-written guide here on HF about learning Japanese. Now, it seems to have vanished.

Does anyone know where I can find it?

I found two threads. One every old one.

Thank you I appreciate that, however they are not what I'm looking for. The thread was very long, had multiple sections and was very detailed.

It might. Yes, I will. I just really want to see that thread again, it was very good, so it's kinda just to see if someone has saved it or it might be here somewhere. Thanks!

You're better off using Duolingo or something of the sorts
