Welcome to the forum. Congratulations on creating your first thread, hopefully it is the start to many more. We do have a [gaming](#) section that you can check out.

Also, you might consider [upgrading](#) your account, and taking advantage of the features and perks that comes with. If you haven't already, take a few moments to read thru the [Help Docs](#). Those are the rules of the forum.

Other then that, enjoy your time at HF.
