I stake my entire reputation on this forum (all 15 years, 2 groups and multiple businesses of it) that this happened to me after I joined Tangled Social.

the only way you see adult posts on tangled is if you click the 18+ tab at the top.
That's on you, and to be honest... Why are you making shit up?

No, they sent me a picture of their cock. I'm not 18+, so I wouldn't have clicked the 18+ tab at the top. I didn't ask for this...

Beware of platform.
