Thread: [Windows RAT with notification feature](#)

**aerohacker** - November 28, 2024, 10:16 pm

There's a Windows RAT free or paid that sends notification to smartphone when the user connect?!

You would need to code an SMS integration yourself.

SMS to smartphone or RSS to computer.

(Nov 29, 2024 05:13 AM)m0hx Wrote: [\[CITE\]](#) DarkComet had push me notifications lol. i never used but it was ahead of its time.

This is would be cool only to know when user connect, even the RAT outdated.

There are few RATs that do enable you to get notification via Discord and Telegram if that is what you're seeking.

Russian RATs tend to have some sort of Telegram integration and I'm almost positive DarkCrystal RAT has it as well.
