I've had success sending from free Google accounts but how far would someone get sending through the paid Google Workspace accounts? Or would it be shut down immediately by Google?

Probably would happen as quickly as free accounts.

katrick1 - December 3, 2024, 4:22 pm

I've had the free accounts going for months haha.

terrytibz24 - December 11, 2024, 6:33 pm

Someone teach me I only know sms spamming

DarkRoot - December 13, 2024, 5:34 am

google's security system is constantly being updated and constantly needs to improve

shroomz1 - December 13, 2024, 9:52 am

I once saw a method where you can host xss cookie logger as google form.
