Thread: [So I ewhored for half an hour today.](#)

JNath - December 17, 2024, 9:05 am

So I've been ewhoring for a while now but I stopped due to not having access to reddit accounts so I managed to get a good reddit account today and ewhored like I used to on modded kik. I only did for like 30 minutes because I only have one reddit account on me but I made around 120 bucks.

Some may say that ewhoring should not be done but I don't scam like do meet-up or shit, I just deliver what they buy and my pack is faceless and almost 5 years old.

what's your average net

I can make \$100/day with just 1-2 hours of work selling nudes and videos. I make less because I do basic/simple ewhoring just selling content.

It's easier with kik because you can fake live photos and kik doesn't get banned like snapchat.

Are they of yourself?

Good work! Seems you found a method that works well for you. Good luck!

JNath - December 19, 2024, 9:43 pm

Last night worked for another hour with one post on reddit.

Good shit. While I don't ewhore myself, I don't have any problem with people that choose to do it.. my problem is with the people who are straight up scamming the people they're interacting with.. i.e. getting them to send money or GCs, and the blocking them after they get the payment. That's just scummy behavior, and deserves consequences. If you're actually delivering what you've promised to them, then more power to you bro.. get your money!

But you will never make as much as Scrub makes ewhoring. Another high-quality win, and Scrub

loves to see it.
