Foxy Proxies Ltd - December 17, 2024, 9:49 pm

Ever given some one a sex toy as a christmas present? Personally I haven't, but have thought about it.

Nope, I've never given a sex toy as a Christmas present

Deany - December 17, 2024, 9:51 pm

Well, I happen to know quite a few uptight people that might benefit from the use of said toys. Often thought about sending them some help. But in the end never actually did it.

I don't even know where to find the actual trailer video these days either. But that was some sick ass shit they were doing. Wouldn't want a kiss from either one of them afterwards. That image of them shitting into that bowl and them licking it like ice cream was just something that can't be unseen after you see it. LOL

D707 - December 17, 2024, 10:27 pm

Seems unigur gift, but I wont do that. Not Christmas spirit for me, it will rude Kappa, as Deany said.

Also - why don't you change the thread to have you ever given or received one* lmao

sharn - December 19, 2024, 6:17 am

No, I have never thought about it. It does not really feel like a Christmas appropriate gift to me.

figghiozzu - December 30, 2024, 11:24 am

Not for Christmas, but I gifted it, and it was greatly appreciated. It even had a remote control for operation, really nice.

Poor old lady would most likely have a heart attack before she even got it out of the box. LOL
