Whiskey & bags on occasion is a great way to enjoy your NYE.

Lol wtf. You scared me for a second there.

I've blacked out at 7:30 PM at a party once, woke up half an hour later charged up and ready to drink again until 2AM. Never did that again...

But no, never at New Years. Besides, Chinese New Year is what actually counts ;)

I have actually never had a blackout because of alcohol.

No, the countdown and fireworks are my favorite part of New Years Eve.

Miles Teller - December 20, 2024, 11:17 am

No I like to "see" the New Year in with the ball dropping and fireworks and such. Plus how are you

supposed to have your "New Years Kiss" with a hot chick if you're blacked out

Bashe - *December 20, 2024, 11:24 am*

No, I can't say that I have.
