Thread: [G2A Business Verified Account](#)

Rishabh - December 19, 2024, 3:01 am

Hey guys!

So title says it all. Looking to make use of a couple of business-verified G2A accounts. Willing to buy ones that are freshly setup, as well as those that have had some selling history on them.

But the account must have completed all the necessary verification for business-level sales volume (i.e. over 1000 EUR). The account can be registered in the name of an individual or a private entity.

Willing to go first to trust members, or you go first.
