Most of you know I'm from Texas. I live in West Texas, and am around the culture. I listen to a lot of country music. What genres are you listening to?

I mostly listen to random playlists of Alternative/indie rock bands on Spotify these days.

Had a lot of country fans in Denver. Never could get into it, but this awesome track comes to mind when I think of good country!

Second this, good song, I like loads of country music tbh.

George Strait, wheeler walker jr (hes pretty funny), Tim McGraw, fuck I could go on and on and the weird thing is, I'm Scottish lol.
