Thread: [Do you prefer giving experiences or physical gifts for Christmas?](#)

Nice easy one for you guys!

Do you prefer something like one of the Virgin experience days or maybe a small holiday when giving gifts to loved ones?

Or do you prefer to stick to physical/monetary gifts; e.g. cash, jewelry etc.

Either way works, but I just think that those gifts will last longer, realistically.

Yeah the physical gifts last longer; however, with an experience, the memories technically could last a lifetime!

I give physical gifts most of the time

not sure of any holidays/vacations or experiences that they would like or it might be too expensive

Yeah tbh that was kinda what I was expecting from most, but always nice to see if some people do get people experiences, what they would have chosen etc.
