If you could invite any famous person—living or deceased—to your holiday celebration, who would it be and why?

Charlie Sheen - December 22, 2024, 9:21 pm

Joe Rogan. He's extremely positive and outgoing.

Low key it would be between Charlie Sheen, Johnny Manziel, or Hunter Biden. Those guys would be so much fun to party with

He's not as far out there as Alex Jones, but he does have convincing arguments as to why we should believe the theories. Alex Jones has been right about quite a bit.

Well you know Hunter Biden has the cocaine, crack pipes, and prostitutes for sure.

I used to listen to Info Wars a while back. Some of that stuff was kind of interesting.

I'd invite Nicolas Cage. He seems like a totally crazy guy and I'd love to talk to him.

I used to love watching Owen Shroyer on infowars, especially when he would do in-person interviews during 2016 and 2020 elections

Some of it got kinda weird with aliens and stuff. Kinda tuned most of those out, but some were still interesting.
