Thread: [Anybody ever play Cards Against Humanity cardgame?](#)

I went to a little get together with some of my coworkers at one of their house's, and we ended up playing Cards Against Humanity. I really don't like card games or board games, but I enjoyed playing with them. Have you ever played?

It was fun, and there was some really good laughs made. I'm excited to play again, and this time I'm going to have someone drop me off so I can get tipsy. ?

Nah. I've seen some people play it a little. I couldn't understand the rules and I kinda think they didn't either. Seemed their rules were whoever came up with the funniest combination of cards won? Idk.
