Never win that big before. But mostly \$2-\$3ks sports betting.

LumpyTurds - December 24, 2024, 8:29 am

Those kinda places just take all my money, never a win.

Try sports betting. Much more control than 50/50 gambling.

Unfortunately, in my location majority of online gambling is illegal. And I'm not even sure how I'd pull it out ha.

I haven't done online gambling since back when BTC was like 50 bucks a pop and it was still a grey area here.

Just always felt the house edge was cranked up or I didn't have enough to properly cycle through to some wins idk.

I have weird luck online..

But this is my first big win on stake, I've made about 20k on there over the year but this topped it in a single hit!

I normally gamble on puls2 or globalpoker.com

Cunt - December 24, 2024, 4:47 pm

Dropping 25/50 at a time and doing 12.50\$ spins?

When you typically hit more you bet more no?

DanielZ - December 26, 2024, 1:32 am

I don't know if I'm the only one who fails on that game.

Did you get into that feature spin for \$12.50? If so, insane RNG getting in so cheap.

Flan. - December 27, 2024, 5:34 pm
