Thread: [Don't get trapped into fake airdrops like hamster kombat](#)

kinnu543 - December 23, 2024, 6:24 pm

I have wasted lot of time by playing hamster kombat and telegram tapping games for airdrop coins finally I got pennies. My request is don't waste your time by participating in these type of airdrops.

I was able to get 3 airdrops of the Pudgy Penguins coin all for about \$55 on Solana. Quick 150. I wouldnt do anything that took effort to get the drop tho.

Yeah the airdrops from places like that are ridiculously obvious to me. Don't fall for crypto scams!!

I don't really even bother with the whole airdrop thing. Seems a waste of time. I'm sure people have stories about making tens of thousands of dollars from doing it but I don't need a story from a lotto winner about making money. Airdrops are meh imho.
