Thread: [Most unexpected Compliment you have received?](#)

RangoWorld - December 24, 2024, 4:14 am

I was recently told that I'm very reflective. It was odd and I had to ask them if this is a compliment. Lol. They said yes.

Ripleex - December 24, 2024, 4:37 am

I attended a gathering with a group of individuals from various schools, and a girl mentioned that I appear the same as in the picture I provided. I genuinely ask whether it was meant as a compliment or an insult, and she responded No, as the picture is adorable.

It has significantly elevated my self-esteem ever since. and no, I didn't interact with the girl because I don't know how to make a conversation

Jamika - December 24, 2024, 5:32 am

A couple of days ago, I was talking to my direct manager, and she told me that the line manager said he was impressed with my performance during our annual review discussion. This made me incredibly proud.

Deany - December 24, 2024, 5:33 am

Hmm no one ever compliments me

?ystem - December 24, 2024, 12:12 pm

A few years ago, while I was at work, some random person complimented me by saying that I have a perfect nose. It threw me off a bit, but I accepted it.

Miles Teller - December 24, 2024, 12:25 pm

Don't really receive much compliments. I got told I look like Dylan Sprouse once so probably that

Bashe - December 28, 2024, 3:37 pm

Pimping - December 28, 2024, 3:44 pm

We should compliment you on your award collection. But a lot of guys think less of a girl who compliments them for some reason, so some girls don't do it.

Spam Assassin - December 28, 2024, 10:58 pm

The most unexpected compliment I received was two weeks ago, the day and the next day by two different people saying I was very cute and was the chocolate boy girls urge for. I felt very embedded but confident as well. I am 27 but I look too young like a 19 year old, as they told me, a chocolate boy!

Spam Assassin is a very good name for someone spamming for an award.

Well atleast I am spamming on my own post and having a good conversation with others and the post itself is based on the award. Rest for this answer I gave in, I assure you I was complimented as a Chocolate Boy two three weeks ago by one guy at a Mall and one guy at the Bar saying you look cute and I envy your looks, girls call guys like you chocolate boy! That's the valid truth. And if you are single and really disturbed by this then I'm sorry. I never complement my looks and don't burge for a relationship as I can fuck as many girls I want with my pay slips and I had been already. It was just a compliment two different people at different locations gave me, maybe due to my dress style of that day or maybe something else idk!

One said that I look cute and when I told I was 27, he said I looked more like a 19 year old teen then a 27 year old dude.

And the other said me you look handsome and girls like boys like you and call them chocolate boys!

I blushed on both their complements!

Oh sorry I mistakenly took it too seriously. Anyways, I am at almost 99% so I am not sure what seem to be the issue as I might be % of threads left or post, but that 99% seem to not go up since past one hour? I don't understand why! And for being so seriously inclined, I am sorry again!

Yes I am a girl and a natural redhead although her hair was dyed in that movie, so they said I looked like her in the movie so that was nice.

When I Googled it said you look like a Bollywood star or something.

You would be my weakness.

A compliment that I have been and am often given is about my work, I am able to do my job very well and I am happy about it.
