Thread: [Best Present You Got?](#)

Doesnt matter if you gifted it to yourself, you should treat yourself btw.

But if it came from someone else let us know, your mom, dad, grandparents, and what was the gift?
Why did it mean so much to you?

I've only opened my girlfriends gifts so far but they were all really well thought out, the best one is a camera that prints as well to get me out more.

No gifts this year but enjoyed my day. First work and then a small party at a friend's place.

Merry Christmas ?
