Thread: [Georgia Male Couple Who Sexually Abused 2 Boys They Adopted Get 100 years](#)

The Pact - December 26, 2024, 2:05 am

Married couple William and Zachary Zulock will each spend the rest of their lives behind bars.

"These two defendants truly created a house of horrors and put their extremely dark desires above everything and everyone else," district Attorney Randy McGinley said in a statement.

The two brothers, 10 and 12 years respectively, were raised under the guise of a happy home. Zachary worked in banking while William was a government employee. The couple regularly raped the boys and filmed it to circulate it among a local pedophilic porn ring.

Evidence suggested that they even bragged about it regularly on snapchat.

"However, the depth of the Defendants' depravity, which is as deep as it gets, is not greater than the strength of the victims in this case. The resolve I have seen from these two young victims over the last two years is truly inspiring," added attorney Randy McGinley.

Absolutely disgusting. I hope whatever these dudes did to those poor kids happens to them tenfold in prison everyday

The Pact - December 26, 2024, 3:00 am

Sorry can this please be moved to News where I meant to put it. Getting used to the new board and sometimes you sometimes hit the wrong category I'm finding. Sorry.

Soontherthanlatte - December 27, 2024, 3:46 am

Well I'm glad there was some justice but it's never enough. The kids won't have a normal life.

Hopefully someone can move this sad thread to the News. I remember the journalist that uncovered all this writing an article about how she was upset that big news networks stole all her content about the case too. But I guess that's kind of the way it works they all copy each other these days.

The Joker - April 12, 2025, 1:24 pm

I hope those kids recover soon.

Any news about the local pedo ring? They should be considered accomplices as well.

Blogger - April 12, 2025, 9:05 pm

Oh, that's good. I wondered what they would end up getting. Fucking disgusting.

Mskon - May 30, 2025, 1:23 am

May God condemn them now as well as in the hereafter.

The filth of their actions defies words:

no heart with any mercy could ever view a child that age as anything other than innocent.

People like them shouldn't even be discussed among humans.

The will of those children really lifts the spirit.

Still they are stronger than monsters of that kind despite all they went through.

I pray God heals them,

rewards them with a life full of peace and love, and substitutes something better for every ounce of suffering.

Stories like this really highlight the importance of compassion, protection, and standing up for the weak.

May we always be a supporter to the weak and a bulwark against all kinds of evil.

The Pact - May 30, 2025, 8:18 am

Since this thread has been bumped this thread was made shortly after the changes to the website and somehow ended up in the wrong area so I hope it can be moved.

They will never get that because as long as kids are still alive they will never get the death penalty.

They are a gay married couple so they probably wouldn't mind to be honest. I read the story of this journalist who wrote a really positive affirming "heart warming" story about this gay married couple who'd been allowed to adopt two kids that was all LGBT positive.

And I'm not trying to even be homophobic, or insult LGBT with this at all. It's just the facts of this case, but the fact is that it turned out this gay married couple were pedophiliacs and probably had Anti Social Personality Disorder, and they adopted these two children to abuse, and the physical and psychological pain these two boys must have experienced doesn't bear thinking about.

SIM-2502833 - June 1, 2025, 10:25 am

Wow, thanks government.

Not only are people selling their kids to gays and thus human trafficking and robbing them of parents, but people are then sexual trafficking the children and pimping them out.

Surrogacy (human trafficking) should be illegal, homosexuality (sodomy) should be illegal, and both the parents and the gays should be held accountable. The shame of it is that these sodomites will have 100 years of paradise having their anuses pounded out.

BTW gays, this is your team that you advocate for. Not to mention the anal incontinence, rampant sexual disease, drug abuse and suicide.

The Pact - June 1, 2025, 9:54 pm

They actually had the nerve to be interviewed by journalists about what a positive success story of a modern lack of bigotry- they had being able to adopt as a gay male married couple.

They have made things a bit harder for other LGBT people certainly.

Jamika - June 2, 2025, 9:54 pm

You're blaming homosexuality as the causation for people being fucking terrible?

Treating gay individuals as a monolith and directly responsible for 2 gay people who quite are even being criticized by their own community, is the work of a mentally insane human who has no critical thinking skills.

May I remind you how many abuse reports one singular baptist church, catholic church, Presbyterian, christian no denomination has hidden?

You're a fucking dunce man and deeply unserious. All signs point to mental retardation. I can assure you if we treated all Christians as a monolith for all the alter boys they groom, we'd be hanging them left and right. And yet none of them catch what they are owed. They get out on parole. And reoffend consistently.

Addition: You even threw in bullshit irrelevant bullshit at the end cause all you provide is low tier garbage? lol

Sure, remind me. Then let's compare the numbers of those crimes compared to the sexual crimes of public school teachers.

As for your first question, yes. No, I am not mentally ill, nor do I think all homosexuals are responsible for the (quite predictable and believable) actions of two specific homosexuals.

And yeah I'm sure they are being criticized "Stop making it so obvious you groom pimp and rape kids guys, you're making it harder for us to buy our own children and do the same thing!"

You know what's funny? All those priests who groom and rape little boys are homosexual too, and I think you are also homosexual. You're a freak.

Omniscient - June 4, 2025, 10:55 am

They keep saying these things don't happen. Bullshit. Millions of missing children every month. The one did literally a government employee.

Satan fully controls this nation.

But trust me, its completely a coincidence that its a gay couple trying to adopt young children bro. Don't listen to me, I'm just a dunce with "mental retardation"

I'm pleasantly surprised that they got a no parole sentence when the kids are still alive. Usually, they have to be dead for there to be a serious sentence.

This was a tough thread to digest. Truly.

The Pact - August 21, 2025, 6:41 pm

They really were so very sure they'd never be caught. They went to the media about what a wonderful story of equality it was and had their pictures taken with the kids in their rainbow shirts then had some female journalist post articles about their wonderful marriage and family, and she had been upset originally that other media outlets stole the story that she did the research for about what a happy home they had. They got 100 years that's something. The country I live in now I know of similar crimes where the person caught got two and a half years for raping brothers of a similar age over a seven year period.

Look, here's another one where the government stole someone's children, PAID gay people to take them, and then those gay people starved one of the kids to death in their wet basement, among other forms of torture.

The USA has a huge problem with home schooling. I mean it's not THAT many kids obviously that die of being tortured to death by parents, adoptive parents, foster parents, but it's something that happens every year somewhere in the USA from parents who claim to be "home schooling," but no one wants to spend the money to monitor home schooled children, and it's absolutely disgusting and keeping kids home and not being monitored in any way by anyone needs to STOP in the USA, but no one seems to care.

I'm going to homeschool my kids. Because I think that 1. It will make him smarter in the end 2. I don't want his perception of morality being destroyed by other kids who surround him.

I went to both private Catholic schools and public schools. I was showed porn and 2 girls 1 cup in fourth grade. I don't want that sort of environment for my son.
