Thread: [Just swam with a school of fish around me](#)

Too much to share

Had a blast

Paid for the fam and my fiancé to do an Antigua catamaran cruise to the reefs

Went snorkeling and free diving

Had the most magnificent time with spectacular fish swimming around us ? ?

It was enough fun to say I'd happily leave America to work from home and enjoy this weekly

If anyone has the chance to go, head to St James Club and while there take the Green Island half day catamaran tour - only \$95 per person, open bar, lunch included - amazing and well worth it. Tipped them out at \$70 and then paid \$20 for a bit of island weed - haven't smoked yet but about to top off the experience with this.

Haha, that's alright! It was a blast for sure - you should definitely try snorkeling or scuba if you are in Caribbean in the future
