Does anyone know when the movie Overlord: The Sacred Kingdom will be released on the internet?

I've watched the first 3 seasons I guess but wasn't aware about an OverLord movie

Is the 4th season worth it ?

You're talking about "The Sacred Kingdom" movie ? If so :

Quote:As confirmed by Sony Pictures and Crunchyroll, the Overlord movie will be released theatrically in North America on November 8, 2024. It will have both Japanese and English subtitles and be dubbed in English. However, for Japanese fans, the film will make its debut on September 20, 2024

For me, season 4 is so good, and I enjoyed watching it. It's worth watching. The movie The Sacred Kingdom is a sequel to the story.
