Thread: [SDR News](#)

DramaKing - December 29, 2024, 9:55 pm

Anyone have recent SDR news to share? I've debated getting a HackRF One for a long time. Not sure if it would be worth it.

Bastille - December 30, 2024, 1:57 am

I'm not into it but I would love to get one of these to play with

I thought about making videos for HF, hacking my own car and so on, like mixing hacking and real-life footage

Do you have already any idea / projects of what you could do with the HRFOne ?
