Thread: [Lost my Everyday Ninja Streak after 76 Days](#)

**Spam Assassin** - January 1, 2025, 2:54 am

Lost my streak after 76 days which sucks!

Was too drunk yesterday to checkin into HF for my bytes and after loosing 2.5K to stanley in Flip I went out with a bad mind! And now lost the 76% streak! Starting from 1%

Anyways, new year, a new spin!

This happened to me. I wasn't drunk but I lost it so many times. One night I was assigned to teach classes until 9pm and that confused me and I lost it at I think 68%.

I ended up going for mine while the original pumpkin award was out so I was able to knock off both. It made it a lot easier.

**Pimping** - January 1, 2025, 9:32 am

It happened to me after around 30 days before

I cant imagine 76 day streak getting lost. I might try to go for it this year

**BlackRock** - January 1, 2025, 9:38 am

That's too bad. Better luck next time. Don't drink and drive, smoke and fly :D

**Deany** - January 1, 2025, 9:50 am

Thats fucked dawg. But I've been in that situation although with only 11%. Not a huge loss like yours, but was still pissed about that. But losing 76 days is now a pain in the ass.

**HOMODIN** - January 1, 2025, 10:57 am

Don't understand who you don't have any single awards? Is it possible to hide?

**Pr0m3th3us** - January 1, 2025, 6:45 pm

If you go to the Awards Sort page, at the bottom there is an option to hide awards.

Cap has like 80+ awards. You are able to hide them for bytes.
