Thread: [Best programming language for a keylogger scrambler?](#)

anonymoustrinity - January 3, 2025, 5:51 am

I've been coding in Visual Basic for years and C# just curious on your guys input is it possible on C# I've come close but keep getting stuck on the output when I try mask the key strokes to the external application

Phobia_ - January 3, 2025, 2:13 pm

Try C++ will likely be the better option.
