People sell Ultimate for about \$75 a year which isn't bad. Personally I use G@A to get codes as they are pretty cheap.

Very much worth it.

\$75 year what? I am paying like 5 per month off of ebay etc.

For \$75, you can be good for the year and have Game Pass Ultimate without having to constantly redeem trial codes.

To each their own.

No they are 1 month codes for around 5 bucks a pop, plus sometimes it runs out and they give me a free 14 day trial from time to time.

I need more Game Pass Ultimate come February.
