Thread: [AskAni - Image to Answer Bot - The ULTIMATE Homework Helper, Certification Passer!](#)

gwiz - January 6, 2025, 7:07 pm

Welcome to AskAni, the best bot on the market to help you complete your homework, take tests, and pass online certifications!

- Image to answer, for completing timed tests quickly
- Text to answer
- Bulk image answering
- Extremely fast response time
- Explanation to why the answer is correct, and why the others are not
- Integrated with Discord
- Private channel command, so nobody else but you and the Admin can view (which we typically won't)
- Updates done as needed
- It's very good at reading images, here is an example

Since I really don't have time to promote this at the moment, I instead edited the pricing.

It's very easy to use and gives a good insight on the correct answer and why the others are wrong, you can genuinely learn as you go when using this and it's also faster than ChatGPT.
