We're looking for a skilled web designer to create SEO-optimized landing pages. Each page will feature images, strategically placed SEO keywords, and well-written content.

Requirements:

Strong knowledge of SEO best practices.

Ability to design visually appealing and user-friendly pages.

Experience in creating keyword-optimized content.

Details:

Ongoing work: a few pages needed each week.

Payment: \$50–\$100 per page.

References and examples will be provided for guidance.

If interested, please reach out with your portfolio and experience!
