While I'm not the biggest fan of ewhoring, as long as the person is receiving what they're paying for ... then more power to the person pulling it off. Much better then sitting on the forum hating on the next man.

This is a totally new workspace for me. I've never tried with Adult niche mainly because i can't use some platforms .

What's the best way to attract this people?? I assume that this is a hard work cause is a saturated niche?

Yeah I wonder. But even as a heterosexual woman I don't really want to spend time doing this. lol So....I don't know how any heterosexual men even stomach all this.

mikerotch - February 18, 2025, 6:29 pm

Ewhoring more than likely. It can be lucrative playing on desperate men lol. I'm sure most men have

fell for it at least once

podatura - August 12, 2025, 12:28 am

I think i will start doing this as well xD

staceylooney - August 17, 2025, 10:25 pm

True, sex has always sold, but managing adult content isn't as simple as it looks. Every platform has its own rules and policies, so strategies need to be smart. Do you guys rely more on paid campaigns or focus mainly on organic growth??

bumblebee55 - August 19, 2025, 2:14 am

Can I learn e-whoring from you?

diablospartan - August 19, 2025, 2:27 am

Well congrats my man

Its ewhoring right ?

I am not a big fan also of ewhoring but its better that doing more bad things like illegality ,scam etc

The Pact - October 16, 2025, 9:53 pm

There are a lot of gay white males pretending to be straight black females on the internet also. I don't know what's up with that. I am not accusing the OP of this. I'm just saying it is a thing.

Congrats to the OP though.

onlineuser | D3RFER - October 23, 2025, 10:37 pm

Any progress since this?
