He expects you to login to his ebay and pay for products direct to his door, which he then sells locally on markets in cypress.

Maybe it will work but I'm certainly not sending thousands in goods at market price to a random person across the world.

you buy only 1 item as a test

BellyErVarm - January 15, 2025, 5:19 pm

How do I know that you wont "buy me out" when you get bigger money in your hands?
Seems alittle too risky imo.
