Hi, write to pm and add it

<https://hackforums.net/showthread.php?tid=5905462&highlight=middleman> and we will start a deal with you

very strange person, does not agree with Middleman, but says he has a lot of reputation and sends me -rep nothing for it, cringe

Evil Bob - March 12, 2025, 6:59 pm

Hey man, that's not cool. We couldn't come to an agreement, so you should have just moved on instead of lying about me not wanting to use a MM.

Like I mentioned on your other thread:

He suggested a MM, I never said no, I told him to pay for it. He can't force me to use an MM and also force me to pay for it.

He's new here but expects others to go first, when he hasn't done a single Spotify upgrade. Him having no history of upgrading accounts also means he doesn't have a reputation to show how long these accounts will last.

I'm not replying to this thread any further, just thought it's only fair to say my part as he's taken the time to blow this way out of proportion rather than just walking away.

Hi, interested in long-term collaboration in this since I sell the services elsewhere. Different services. Would that be possible?

Wilmer - April 6, 2025, 1:45 pm

Looking for Nitro but don't see prices listed. Also, not doing the weird MM stuff mentioned above unless you pay for it. A MM for amounts this low seem odd regardless.

Stanley - *July 10, 2026, 7:19 am*

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
