Nostalgia kicked in and started watching this gem again, which SAGA is your favorite?

Namek and Frieza sagas are my favorite. I've always lumped them into one, but they're my favorite and got me into DBZ originally.

Omg when the "Ma Ma Maaa" guy sacrificed himself heroically so Vivi could live and then beat up Cell, so good

My favorite SAGA is definitely the Alabasta Arc! The whole storyline with Crocodile was so intense.
