Just want to tell you that you are not alone ??Thank god - I thought I was the only one! ?

I have made some really nice sales for NSFW domain flipping.

Costs about 1-2K USD a year to renew all - but within the year I make well more than renewal fees on flipping so I have created a perfect ecosystem + I get some really nice discounts as a loyalty member on Namecheap.

I wish GoDaddy offered that. ?

Working on mine over to Namecheap when they need renewing.
