It sucks ass man! You get so adapted to it being warm all the time, when this stuff happens it feels like hell on the body, really not a soul outside when the weather is like this here.

My garden is still growing, so I have to do a shit ton of work to save the crops with covering etc.

Thank you, I hope so too! They are my babies?

My animals are safe thankfully, we got our wild outside cat to stay inside, she made a bed in a 'hole' in my room. Gotta keep her away from others cause she scratches and bites.

EDIT: Oh ya, it was 71f on Sunday the 19th! wtf
