Thread: [Searching for \[Full\] Linkedin Data leak in 2021 & 2023](#)

paulhymend65777 - January 24, 2025, 11:58 am

hello guys

could someone please help me find the Linkedin data that was leaked in 2021 and in 2023. i have spent over an hour looking for it, there must be someone better then me who can help me out, the data was free for a while

i really need it

here are artical talking about the leaks

They aren't public a small amount was released as proof. I know of sites that have it for sale but I'm honestly not getting involved sorry. I will say if you're looking on the clear net for it you won't have any luck
