Frequently Asked Questions [\(Click to View\)](#)

1. I'm new to sports betting. Can I do this?

Absolutely! Our signals are designed for all experience levels. Whether you're a beginner or seasoned bettor, we provide easy-to-follow insights that help you make smarter, more informed decisions. If you're new to the game, we recommend starting with smaller bets and gradually building your confidence.

2. What is a "bet unit"?

A bet unit is a measure of how much to wager on each signal based on your total balance. One unit typically equals 2% of your balance. For example, if you have a \$100 bankroll, 1 unit would be \$2. Using units helps you manage your bankroll responsibly and minimize risk.

3. How do I know if the signals are working?

We track and update our win rates regularly to ensure transparency. Our current win rate is 80%, meaning that over 80% of the bets we recommend have been profitable. We also encourage you to follow the signals as suggested to maximize the best outcomes.

4. What sports do you cover?

We provide signals for a wide range of sports including NBA, UFC, NFL, Soccer, Tennis, and more. Our team works hard to analyze trends and match data across different sports, ensuring you have access to the most reliable insights.

5. Can I cancel my subscription at any time?

Yes, you can cancel your subscription at any time. However, please note that we do not offer refunds for previous payments, as we believe in providing value upfront with no hidden terms.

6. What payment methods do you accept?

We accept payments in the following cryptocurrencies: BTC, LTC, ETH, and SOL. These methods provide secure, fast transactions for all our users.

7. Are your signals guaranteed to win?

While we provide high-quality, data-driven signals, we cannot guarantee every bet will win. Betting always carries inherent risk, and results can fluctuate. We do, however, strive for consistent profitability, as demonstrated by our high win rate.

8. How often do you provide betting signals?

We send out signals as frequently as the market allows, based on optimal conditions. You'll receive

the best possible opportunities for profitable bets, whether that's multiple times a day or several times a week, depending on the sports events happening.

9. Is there a minimum deposit I should have?

We recommend starting with a minimum balance of \$100 to give you enough flexibility for proper bet sizing. However, you can start with any amount and adjust your bet units accordingly. Remember, managing your bankroll is key!

10. What happens if I miss a signal?

If you miss a signal, don't worry! While it's ideal to act on signals as soon as they're sent, our system provides historical analysis that can help you assess past signals and learn from them. Always try to be prompt with your decisions, but there will always be more opportunities.

Terms You Gotta Know:

- No signal sharing or leaking — keep it exclusive.
- No refunds, no exceptions.
- Betting comes with risks. We provide insights, not guarantees.

Our Safe Risk NBA Bet for Today that we tipped in our Server was Successful.

Big day today on the UFC 312 & NBA! Half price off all subscriptions!

Stanley - February 9, 2025, 4:48 am

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

This sounds interesting, especially with the strong focus on research and strategy. How has the win rate been verified? Are there any success stories or proof of consistent profit over time that you could share to show how your system performs in the long run? Also, for the lifetime plan, is there a guarantee or trial period to test out the system before fully committing?

3-meo-pcp - June 27, 2026, 9:04 pm

No test period like a week or so and what sites to Use?
